Hello! Had enough of bureaucracy? Tired of all the red tape? Concerned about rogue agencies seemingly operating impervious to oversight? I am, too!

A wise man once said, "There is no such thing as a free lunch," but he was wrong!

On Wednesday May 23rd there will be a panel discussion of HB580 featuring the American Principles Project's Erin Tuttle, Greg Lawson of The Buckeye Institute, and Micah Derry of Americans for Prosperity. It will be moderated by Representative Andy Thompson. There will also be a free lunch provided by the parties in question.

House Bill 580, adds oversight and transparency to Ohio executive agencies' applications for federal grants, in an effort to control the rise of the administrative state. The discussion will include how the bureaucracy of our federal and state governments has grown over time, and how this administrative growth has specifically hurt the State of Ohio through federal grants and mandates. We will discuss how HB580 will help address the problem we have with a rising administrative state, and institute oversight via the executive branch.

SCOTUS: States Can Legalize Sports Betting

The U.S. Supreme Court ruled in favor of the states and struck down a 25-year-old federal law known as the Professional and Amateur Sports Protection Act (PASPA). Earlier today, the court voted 6-3 in favor of the state of New Jersey in *Murphy v. National Collegiate Athletic Association*, formerly known as *Chris Christie v. NCAA*, declaring PASPA unconstitutional as violative of the 10th Amendment.

= A

NCSL, along with other national organizations that represent state and local officials, filed an *amicus brief* in support of New Jersey. NCSL released a statement applauding the Supreme Court ruling saying, "NCSL supports every state's right to regulate gaming and sports betting, including both legalization and prohibition, without unwarranted federal preemption and interference." New Jersey can now move forward with its plan to legalize wagering, while other states will have the opportunity to alter their existing bans to allow for sports betting.

White House Looks to Rescind \$15 Billion in Federal Spending

This past week, the White House released proposed rescission cuts covering 38 different programs and totaling over \$15 billion. The administration released a statement saying, "At the direction of President Trump, the Office of Management and Budget has worked diligently to identify wasteful and unnecessary spending already approved by Congress." Now Congress has 45 days to consider the package, which also freezes the

proposed funding programs until a decision is made. Unlike regular spending bills, rescissions packages only require a simple majority in both chambers for passage.

What's in the rescission package?

- Nearly half of the rescission cuts come from two accounts related to child health care: a **\$5.1 billion cut to the Children's Health Insurance Program (CHIP)** and a **\$1.9 billion cut to the Child Enrollment Contingency Fund**. The cuts would include \$3.1 billion in unobligated CHIP funds from FY17, \$2 billion in recovery funds from the Medicare Access and CHIP Reauthorization Act of 2015, and \$1.865 billion from the \$2.4 billion available in the Child Enrollment Contingency Fund.
- **\$800 million cut to the Center for Medicare & Medicaid Innovation:** The cut would rescind funds authorized under the Affordable Care Act from fiscal years 2011-2019. The center was created to try new payment and service delivery models that could reduce expenditures under Medicare, Medicaid and the Children's Health Insurance Fund (CHIP). The administration has said these funds are more than the amounts that would be needed to carry out planned activities for FY2018 and FY2019.
- **\$4.3 billion from the Advanced Technology Vehicle Manufacturing Loan Program,** = Aan Energy Department program that supports the development of advanced technology vehicles and hasn't made a loan since 2011.
- Remaining rescissions come from a variety of government funds and grants across departments including railroad unemployment insurance programs, Ebola response account, Hurricane Sandy funds that states haven't claimed and more. Additional info can be [found here](#).

While rescission packages only require a simple majority, and are not subject to a Senate filibuster, there is a large amount of uncertainty that it will pass. While it is expected to easily coast through the House with Republican support, the Senate will be a different story. A number of Senate Republicans have already expressed their disinterest in the proposal and in order to pass, Republicans can't afford to lose a single vote while Arizona Senator John McCain is home recovering from a recent cancer treatment. Nonetheless, Congress can expect to see more rescission packages coming from the White House as they have stated that this is the first of many to come. A second rescission request in the coming weeks will attempt to claw back funding from the recently passed omnibus bill.

House to Vote Wednesday on Farm Bill

On Wednesday, the House will consider H.R. 2, the Agriculture & Nutrition Act of 2018 more commonly known as the House's 2018 Farm Bill. The bill reauthorizes several key agriculture and nutrition programs for five years, through fiscal year 2023. The Congressional Budget Office estimates \$867 billion in total farm bill spending, which includes nutrition, crop insurance, conservation and other farm programs. The bill contains 11 titles with the major themes and changes impacting states, which are detailed in NCSL's analysis of the legislation.

Wednesday's vote will be close, given that the legislation, as currently drafted, has been vocally criticized by House conservatives and House Democrats, albeit for different reasons. Members of the House Freedom Caucus, three dozen of the most conservative members of the House, as well as conservative groups, including Heritage Action and Americans for Prosperity, have criticized the farm subsidies as an unfair benefit to wealthy farms and large agricultural businesses. Democrats have overwhelmingly opposed the current legislation as it imposes new work requirements on five to seven million people who are enrolled in the Supplemental Nutrition Assistance Program (SNAP). Without Democratic support, several members of the Freedom Caucus will need to vote for the legislation for it to pass. Even if it passes, the House legislation is likely D.O.A. in the Senate, which is currently drafting its own Farm Bill.

On the other end of Pennsylvania Avenue, President Donald Trump has signaled that he will veto any legislation that does not impose stricter work requirements on SNAP recipients. However, the work requirements are the most controversial aspect of the legislation and it is unlikely that changes to the program will pass the Senate.

DYK? Four states—Kentucky, Massachusetts, Pennsylvania, and Virginia—call themselves commonwealths. The distinction between a commonwealth and a state is in name only as there is no difference in their relationship to the nation as a whole.

So why are they called commonwealths? Mostly because of the preference of their founders. For example, in Massachusetts, the term commonwealth was preferred by a number of political writers in the years leading up to 1780, when the Massachusetts constitution officially designated the state as such. The preference is believed to have existed perhaps because there was "some anti-monarchial sentiment in using the word commonwealth."

House Approves 2018 FAA Reauthorization Act

= A

On April 27, the House of Representatives approved, 393-13, H.R. 4, the Federal Aviation Administration (FAA) Reauthorization Act of 2018. The bill would reauthorize FAA programs and the federal aviation taxes that fund FAA programs and operations for five years through Sept. 30, 2023. The prior reauthorization expired in September 2015, which has resulted in five short-term extensions. For more detailed information on what the bill includes, see NCSL's Information Alert.

Net Neutrality Vote This Wednesday

Senate Democrats filed a discharge petition last week in order to force a vote to save the Federal Communication Commission's (FCC) net neutrality rules from repeal. A discharge petition would use authority under the Congressional Review Act to nullify the FCC's vote this past December to roll back the rules. These rules explicitly banned blocking, throttling, and paid prioritization by internet providers, but were reversed by a new set of guidelines introduced by FCC Chairman Ajit Pai.

To pass, the resolution will need a simple majority in both chambers. The Senate will vote this Wednesday and the chances of receiving 51 votes looks promising. Although, the bill is said to be dead on arrival in the Republican-controlled House. While the resolution has little chance of becoming enacted, Democrats plan to make their support for net neutrality regulations a popular campaign issue in the upcoming midterm elections.

Secretary DeVos Approves the ESSA Plans of South Carolina, Virginia, Alabama, Colorado and Kentucky

As of May 11, the U.S. Department of Education announced the approval of South Carolina, Virginia, Alabama, Colorado and Kentucky's Every Student Succeeds Act (ESSA) state plans. Each state is tasked with developing an ESSA plan unique to the needs of their students. To date, 44 state and territory plans have now been approved. Education Secretary Betsy DeVos applauded the states and reiterated the need to "use these plans as a starting point, rather than a finish line, to improve outcomes for all students."

South Carolina's plan includes a total of nine ways a student's college and career readiness may be measured. The varied metrics enable students to take advantage of the world class knowledge and skills of the Profile of the South Carolina Graduate. South Carolina's plan also includes a student engagement survey, giving each respective student a voice in the accountability system. "South Carolina's ESSA plan embodies our vision that every graduate is prepared for success in college, career and citizenship," said South Carolina Superintendent of Education Molly Spearman.

Virginia's plan includes chronic absenteeism and the Standards of Accreditation Rating indicator as new methods to measure quality and student success. The approved ESSA plan also sets forth processes intended to support and improve the academic growth and English learner progress of identified schools. Virginia's ESSA plan "reflects the state's mission to increase student learning and academic achievement," said Virginia's Acting Superintendent of Public Instruction Steven M. Constantino.

Alabama's plan includes a framework to join with local education agencies to enhance early learning and improve alignment of early learning programs from birth through third grade. The approved plan also includes the creation of the Legislative School Performance Recognition Program, in which the state will use state-authorized assessments and key performance indicators to profile a school, school system or both entities.

Colorado's plan includes the creation of the ESSA Application for School Improvement, intended to provide schools identified for Comprehensive and Targeted Support and Improvement with access to services and funding that supports their unique needs. "We have used this process to re-engage with many of our schools, districts, and stakeholders across the state over the last two years to get feedback on the how our current system is working. The conversations were deep and very helpful to the department and other stakeholders as

we work collectively to leverage ESSA to improve outcomes for our highest need students in Colorado", says Colorado's Education Commissioner Kathy Anthes.

Kentucky's approved ESSA plan includes goal setting related to achievement gaps: cutting the achievement gap for each student group in half by 2030 and increasing the graduation rate for all students and each student group. The plan also acknowledges 2017-2018 as a transition year, in which performance on indicators will be used to determine low-performing schools and whether targeted support and improvement or comprehensive supported and improvement will be provided. Systems will be fully implemented during the 2018-2019 school year, leading up to one to five-star designation for a school or district. Schools that reflect noteworthy achievement gaps will not qualify for earning the highest ratings. "Schools and districts will be held to a higher level of accountability under this plan. Raising the bar is essential if Kentucky is to make the strides in student performance we intend to make," said Kentucky's interim Education Commissioner Wayne Lewis.

DYK? Just in time for the MLB All-Star Game at Nationals Park in Washington, D.C., this summer, the Library of Congress will feature an exhibition about the origins and history of baseball. The handwritten "Laws of Base Ball," which historians have called the "Magna Carta" of the game after they were decided at a convention in 1857, will be among the artifacts featured in the new exhibition "Baseball Americana" opening June 29 at the Library of Congress. The exhibition will explore baseball's past and present and how the game has forged a sense of community for players and fans across the country.

Tennessee Department of Education Awaiting ESSA Compliance Ruling

The Tennessee Department of Education is awaiting to hear back from the US Department of Education regarding whether emergency legislation is in compliance with Every Student Succeeds Act standards, which require states to test students annually in grades 3 through 8 and once in high school. This year, the state test "TN Ready" was affected by online glitches, deeming the results unreliable. In response, the Tennessee State Legislature passed legislation aimed to assert that "no adverse action be taken against any student, teacher, school or district based on this year's TN Ready results."

Tennessee's Education Commissioner Candice McQueen, has maintained that the glitches were the result "deliberate attacks" on the systems of Questar Assessment—TDOE's computer systems vender. The state's ESSA plan was approved last August, in which TN Ready was included as a measurement of accountability standards.

The initiative's focus on social media seeks to tackle cyberbullying and encourage children to "choose their words wisely and speak with compassion." The first lady's initiative also seeks to bring attention to the effects of opioid addiction. On the initiative, Mrs. Trump said: "It remains our generation's moral imperative to take responsibility and help our children manage the many issues they are facing today, including encouraging positive social, emotional and physical habits."

Subject: Lawmakers tackle college affordability

Friday, May 18, 2018

[View in Browser](#)

Capitol Letter

Laura Hancock and Jeremy Pelzer

Rotunda Rumblings

The old college try: Two lawmakers challenged Thursday claims by the Ohio Department of Higher Education that college is becoming more affordable. In 2008, average public college tuition in Ohio was 139.8 percent of the national average, making the state one of the most

expensive places to attend school, the department's Jim Bennett told the Joint Committee on College Affordability, which met for the first time Thursday. Now it is 107.8 of the national average, he said. Schools have brought costs down with tuition freezes and guaranteed tuition rates for freshmen who finish in four years, he said. But Rep. Niraj Antani brought data showing in 2006, Ohio had the 15th highest average student loan debt, at \$19,000, and in 2016 it increased to \$30,000, the country's ninth highest. Rep. Mike Duffey said he appreciated college trustees' efforts to curb tuition increases but said some costs have shifted to yearly spikes in fees.

A survey of college costs: Lawmakers from both chambers and parties serve on the Joint Committee on College Affordability, which will meet over the coming months and potentially suggest bills for the whole General Assembly to consider. Chairman Sen. Steve Wilson told committee members to read five Ohio reports on college affordability to better understand how the state is trying to tackle the issue. He instructed committee members to consider areas of college costs they'd like to look at.

Lukewarm response: Senate revisions to controversial energy-mandate legislation (House Bill 114) are evoking mixed feelings from both sides -- which isn't surprising, given that the substitute bill was drawn up as a compromise plan. Trish Demeter of the Ohio Environmental Council, in a statement, praised senators for inserting new language to loosen wind-turbine setback restrictions, but she added, "there's a lot in this bill that could deal some blows to Ohio's clean energy opportunities." Scott Elisar, who represents the Industrial Energy Users-Ohio, told Capitol Letter that while the trade association is still reviewing the Senate's changes, they "appreciate the efforts of [Senate] leadership to try to reduce the cost of the mandates." One group that did offer a strong reaction was the Buckeye Institute: in a statement, the pro-free-market think tank accused senators of "unduly risk[ing] Ohio's economic growth" by undoing the House's attempt to make the state's energy-efficiency and renewable-energy standards voluntary instead of mandatory.

Summer plans? Senate President Larry Obhof told reporters Wednesday that the Senate will activate at least one of its three "if-needed" session

days (June 6, 13 and 27), though a Senate GOP spokesman said Thursday that no decision has been made on which days will be selected. If that happens, the Senate might decide to pass HB 114 instead of waiting until fall; however, Sen. Bill Beagle, who helped draw up the sub bill, said Wednesday that it's "too early to say" whether that might happen.

Orphaned well bill clears Senate panel: The Senate Energy and Natural Resources Committee voted to report legislation designed to help plug orphaned oil and gas wells, though members first made some changes to the bill's funding mechanisms. A substitute bill to House Bill 225, adopted by the committee Wednesday, lowers the percentage of money required to be spent from the state's oil and gas fund to seal up abandoned wells from 45 percent to 30 percent. (An Ohio Department of Natural Resources official previously said spending 45 percent of the fund on plugging old wells would be "problematic.") However, the sub bill also boosts general-revenue funding for the effort from \$6 million to \$15 million.

Stories We're Talking About

Rinse, repeat: Political ads will be resuming in Ohio just 10 days after the May primary ended. Cleveland.com's Andrew Tobias reports U.S. Sen. Sherrod Brown will be launching the first ads of this year's U.S. Senate race, beginning Friday. A campaign spokeswoman said Ohio voters "will begin hearing about the clear difference in the race for Senate."

Grade - incomplete: The Ohio Department of Insurance is reviewing a letter the federal Centers for Medicare and Medicaid Services sent Thursday, rejecting its attempt to nix the individual mandate portion of the Affordable Care Act. The federal government told the state important information was missing from its application, Capitol Letter's Laura Hancock reports.

Joyce's token amendment: U.S. Rep. Dave Joyce "secured language in a federal spending bill that would prohibit the Justice Department from interfering with medical marijuana laws in states like Ohio," writes cleveland.com's Sabrina Eaton. The measure made it into a House appropriation bill funding the U.S. Department of Justice.

Green light: Supporters of a proposed statewide recreational marijuana ballot measure can begin collecting signatures, after the Ohio Ballot Board approved the "Marijuana Rights and Regulations" state constitutional amendment as a single issue on Thursday, reports cleveland.com's Jackie Borchardt.

Dettelbach down memory lane: Steve Dettelbach looks back to his time as U.S. Attorney in Northern Ohio in his first campaign ad for Ohio Attorney General. Borchardt writes the ad features Ann Rowland, who helped Dettelbach put away dozens of officials and contractors during a massive corruption investigation into the Democratic-controlled Cuyahoga County government that began in the late 2000s.

Ouch: Senate Majority Leader Mitch McConnell made a conspicuous snub during a Thursday interview with the Washington Post. McConnell rattled off eight states where he thinks the slim Republican Senate majority will be won or lost. Ohio, Pennsylvania and Wisconsin were not among them. McConnell said he thought there were "credible candidates" in Ohio — ahem, Jim Renacci — and Pennsylvania, but that those races weren't yet top-tier.

Chabot's other campaign: Cincinnati U.S. Rep. Steve Chabot, who's running for re-election, also is making a quiet pitch to be the top Republican on the House Judiciary Committee in 2019, writes Politico's Kyle Cheney. Chabot is making his experience as a central figure in the 1998 House's impeachment of then-president Bill Clinton part of his pitch for the job. Read between the lines what you will.

Subject: Deconstructing the Administrative State Luncheon

Hello! Had enough of bureaucracy? Tired of all the red tape? Concerned about rogue agencies seemingly operating impervious to oversight? I am, too!

A wise man once said, "There is no such thing as a free lunch," but he was wrong!

On Wednesday May 23rd there will be a panel discussion of HB580 featuring the American Principles Project's Erin Tuttle, Greg Lawson of The Buckeye Institute, and Micah Derry of Americans for Prosperity. It will be moderated by Representative Andy Thompson. There will also be a free lunch provided by the parties in question.

House Bill 580, adds oversight and transparency to Ohio executive agencies' applications for federal grants, in an effort to control the rise of the administrative state. The discussion will

include how the bureaucracy of our federal and state governments has grown over time, and how this administrative growth has specifically hurt the State of Ohio through federal grants and mandates. We will discuss how HB580 will help address the problem we have with a rising administrative state, and institute oversight via the executive branch.

WHERE: 31st Fl. North Room

WHEN: Wednesday May 23rd from 11:00-12:15

WHO: All Members and Staff are invited

Please RSVP to AJ Thomas (AJ.Thomas@ohiohouse.gov) by Friday May 18th so we may have a count for lunch.

We hope to see you there!

HEALTH CARE BENEFITS

Benefits Provided by the State of Ohio

Your health benefits include medical, prescription drug, behavioral health, dental, vision and the *Take Charge! Live Well!* program. The benefit year is the 12-month period from July 1 through June 30 during which services are rendered and your deductible and coinsurance are accumulated.

All of the State of Ohio health plans are self-funded programs. This means that the cost of benefits is funded by contributions from you and the State of Ohio. All claims for services and procedures are paid directly from these contributions. When the amount of claim payments is greater than the amount of contributions from employees and the state, medical costs increase.

Employee Contributions + State Contributions = TOTAL CONTRIBUTIONS

Being smart consumers and making informed choices is one way to keep the cost of medical claims down. State employees can help by choosing a primary care physician and visiting him or her regularly. Developing a relationship with a primary care physician can reduce trips to the emergency room and other urgent care facilities.

Also, the State of Ohio's third-party administrators offer helpful tools on their websites to assist you in making smart decisions. These tools can help you identify an in-network primary care physician that best fits your needs. Because the costs for the same services can vary widely (e.g., X-ray, colonoscopy, MRI, etc.), using these tools can result in savings for you and the state. For more information, see the third-party administrator contact information on this page.

Another way to keep claim costs low is by taking care of yourself and your family's health. The State of Ohio offers many preventive care benefits, often at no cost to you or your dependents. See the chart of available services on Page 16. The state also offers its employees and spouses a wellness program, known as *Take Charge! Live Well!*, to aid you in your quest to be mentally, physically and fiscally healthy.

Take advantage of your benefits with the following information:

- Walk-in Clinic vs. Urgent Care vs. Emergency Room (Page 13);
- Compare providers. Just like retail stores, providers have different costs for the same procedures (Page 13);
- What you should know before you go to get care (Page 17); and
- Mobile apps for your benefits administrators (Page 17).

Medical Coverage

As an eligible employee enrolling in medical coverage, you automatically gain prescription drug, behavioral health and *Take Charge! Live Well!* benefits.

COST

Each employee who is enrolled in the Ohio Med Preferred Provider Organization (PPO) Plan, the State of Ohio's medical plan, pays a portion of the total contribution through pre-tax biweekly or monthly payroll contributions for their coverage. The remaining portion of the total contribution is paid for by the State of Ohio. See the chart on Page 14. Your out-of-pocket costs will be assessed as outlined on Page 15.

ELIGIBILITY

Most state employees are eligible for medical coverage effective the first day of the month following their date of hire or if they experience a change in status/qualifying event. Dependents are eligible for medical coverage up to the age of 26. See Pages 10 and 11 for more details. Coverage may be continued after age 26 if the dependent qualifies as disabled or elects coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Full-time and Part-time Permanent Employees Only
You are eligible for the state's medical benefits if you are a full-time or part-time permanent employee.

Part-time Permanent Employees Only

- The contribution tier for part-time permanent employees is determined annually.
- The percentage that part-time permanent employees pay toward their contributions is based on their average number of service hours. Average service hours are calculated over a 12-month period (called the Standard Measurement Period), which begins the first pay period in May and goes through the last pay period in April. Any change in your contribution becomes effective July 1, the beginning of the new plan year.

| Average service hours per week | Percent of Contribution you pay |
|--------------------------------|---------------------------------|
| 0-19.99 hours | 100% |
| 20-29.99 hours | 50% |
| 30+ hours | 15% |

Part-time Temporary Employees Only

The Affordable Care Act requires the State of Ohio to offer only medical coverage to all part-time temporary employees who average at least 30 service hours per week over a 12-month measurement period (called the Initial Measurement Period).

- Part-time temporary employees are those typically hired as interns, intermittents or external interim employees. This does not include AmeriCorps volunteers or contingent workers.
- Part-time temporary employees who are hired with a reasonable expectation of averaging 30 or more service hours per week in their first 12 months of employment will be eligible to enroll in medical coverage at the date of hire. Coverage is effective the first day of the month following the date of hire. The State of Ohio cannot terminate the coverage until 12 months has expired, you terminate service with the State of Ohio for more than 31 days or you experience a change in status/qualifying event.
- Part-time temporary employees who are hired with a reasonable expectation of averaging 29.99 service hours or less per week will not be eligible to enroll in medical coverage at the time of hire. Instead, you will be measured over the 12-month Initial Measurement Period.
- The Initial Measurement Period begins the first full pay period after the first pay period with one or more service hours credited.
- Upon completion of the Initial Measurement Period, if you average 30 or more service hours, you will be offered the opportunity to enroll in medical coverage the first of the month following the end of the Initial Measurement Period.

² Student verification is needed for dependents age 19 to age 23. View detailed eligibility and documentation requirements at: das.ohio.gov/eligibilityrequirements.

Note: When one of your enrolled dependents is or becomes ineligible for benefits coverage based on the state's definition of eligibility (e.g., divorce, change in student status), it is your responsibility to contact your agency human resources representative immediately to remove him or her from your coverage. If removed, your dependent may be eligible to continue his or her medical, dental and/or vision benefits through COBRA if you notify your agency human resources representative within 60 days after the change in status/qualifying event.

Enrollment or continuation of enrollment of an ineligible dependent may result in loss of benefits, disciplinary action and/or repayment of claims. If you fail to remove a dependent from coverage within 31 days of a change in status/qualifying event, you may be responsible for health care expenses incurred by the ineligible dependent.

DEPENDENT ELIGIBILITY

Family members described below may be eligible for coverage under your health benefits package.

Note: Dependent children are only eligible for dental and vision benefits if unmarried and younger than age 23; however, dependent children ages 19 through 22 must be students.

Documentation will be required at the time of dependent enrollment to verify eligibility.

To view the detailed eligibility and documentation requirements for all dependents, please go to das.ohio.gov/eligibilityrequirements.

1. Spouse

- Your current legal spouse as recognized by Ohio law.

2. Children younger than age 26 including:

- Your biological children (married or unmarried);
- Your legally adopted children: adopted children have the same coverage as children born to you or your spouse, whether or not the adoption has been finalized. Coverage begins upon placement/custody for adoption;
- Your stepchildren;
- Non-emancipated foster children. Emancipation is defined as the age of 18 unless specifically stated in the court order;
- Non-emancipated children for whom either you or your spouse has been appointed legal guardian; and

- Children for whom the plan has received a Qualified Medical Child Support order: the child must be named as your alternate recipient in the order.

3. Unmarried children incapable of self-care

Unmarried children who are incapable of self-support due to a qualifying developmental disability, severe mental illness or physical handicap, whose disability began before age 23 and who are primarily dependent upon you are eligible for medical coverage. When there is an unsuccessful attempt at independent living, a child covered pursuant to this provision may be re-enrolled for coverage, provided that the application is submitted within five years following loss of coverage.

This coverage is not automatic. You must complete the applicable form for your third-party administrator of the Ohio Med PPO. A form for each third-party administrator can be obtained from your agency's human resources representative.

Periodically, but not more than once a year, proof of continued incapacity and dependence must be provided upon request.

Examples of persons not eligible for coverage as a dependent include, but are not limited to:

- A spouse from whom the employee is legally divorced or legally separated;
- Live-in boyfriend or girlfriend;
- Parents or parents-in-law;
- Grandchildren (unless the employee is the court-appointed legal guardian);
- Adults who are not the employee's or spouse's children under guardianship of employee (brother, sister, aunt, uncle, etc.);
- A spouse from a common-law marriage established after Oct. 10, 1991;
- Any other members of your household who do not meet the definition of an eligible dependent;
- A child who is eligible as an employee of the State of Ohio is not eligible as the dependent of a parent who also is a State of Ohio employee,

except as required by the Patient Protection and Affordable Care Act; and

- A child of a state employee cannot also be covered as the spouse of another state employee.

Employees are required to disenroll a dependent who becomes ineligible.

Providing false or misleading dependent eligibility information may result in any or all of the following actions by the State of Ohio:

- Loss of coverage;
- Disciplinary action, up to and including dismissal;
- Collection action to recoup payments of benefits and claims paid for individuals determined to be ineligible; and/or
- Civil and/or criminal prosecution.

Visit the Definitions and Required Documents Checklist at das.ohio.gov/eligibilityrequirements to learn what is needed to disenroll an ineligible dependent.

3-DIGIT ZIP CODE BREAKDOWN

The state contracts with Aetna, Anthem and Medical Mutual of Ohio to serve as the third-party administrators for the Ohio Med PPO Plan. This plan allows employees and eligible dependents to have access to both network and non-network providers.

Aetna, Anthem and Medical Mutual of Ohio each serve State of Ohio employees based on the first three digits of their home ZIP code. Please review the ZIP code chart below to find your plan administrator. Employees with home ZIP codes outside Ohio will be enrolled in Anthem.

SPECIFIC BENEFIT INFORMATION

The Ohio Med PPO plan does not contain pre-existing condition exclusions; therefore, coverage is available to you and your eligible dependents regardless of current health or health history.

Your out-of-pocket costs, such as copayments, deductibles and co-insurance, are shared and combined with your behavioral health plan. If you receive services prior to meeting your deductible, you may need to pay for these services up to the deductible amount before your plan starts paying. This does not apply to routine office visits for which you only pay an office visit copayment.

For specific plan information, see Pages 14 and 15.

ENROLLMENT

You can enroll online using myohio.gov. See the Benefits Enrollment Instructions on Page 7.

If you do not enroll within 31 days of your date of hire or after you experience a change in status/qualifying event, you must wait until the next annual Open Enrollment period (typically held in the spring).

If you do experience a future change in status/qualifying event, you will have 31 days to add or remove yourself or your dependent(s) to or from coverage.

Visit the Definitions and Required Documents Checklist at das.ohio.gov/eligibilityrequirements to learn what is needed to enroll an eligible dependent.

Summary of Benefits and Coverage

A requirement of the Affordable Care Act, the Summary of Benefits and Coverage (SBC), is a comprehensive document that details simple and consistent information about medical plan benefits and coverage. It will help you to understand the basics of your coverage and allow you to compare any different coverage options you may have. It summarizes the key features of the plan, such as covered benefits, out-of-pocket provisions and limitations and exceptions.

All insurance companies and group health plans must use the same standard SBC form. The SBC also contains a link to the required Uniform Glossary, which provides definitions of many commonly used health coverage and medical terms. To learn more, visit das.ohio.gov/benefits. The SBC is listed along the right navigation pane under the Publications and Notices section.

Save Money: Use Benefits Wisely

All of the State of Ohio's health plans are self-funded. This means that the cost of your benefits is funded by contributions from you and the State of Ohio. All claims are paid from these contributions. Your third-party administrator does not pay for them. Rather, Aetna, Anthem and Medical Mutual of Ohio are paid an administrative fee to review claims and process payments. When the amount of claim payments is greater than the amount of contributions from you and the State of Ohio, medical costs increase.

It is up to each of us to use our benefits wisely. We can all do our part by making wellness a priority in our lives, evaluating our options when we need care and avoiding unnecessary visits.

Take advantage of consumer tools provided by our medical third-party administrators that enable you to shop and find lower costs for the services provided (MRIs, labs, surgeries, etc.) by visiting your third-party administrator's website listed on Page 8.

Dependent Eligibility

1. Spouse

Your current legal spouse as recognized by Ohio law.

2. Children younger than age 19 including:

- Your unmarried biological children;
- Your legally adopted children. Adopted children have the same coverage as children born to you or your spouse, whether or not the adoption has been finalized. Coverage begins upon placement/custody for adoption;
- Your stepchildren;
- Non-emancipated foster children. Emancipation is defined as the age of 18 unless specifically stated in the court order;
- Non-emancipated children for whom either you or your spouse has been appointed legal guardian; and

3. Children between the ages of 19 and 23 with approved student status

Dependents between the ages of 19 and 23 are eligible for continued coverage as long as they maintain their student status. Student coverage is not automatic. To initiate or continue coverage for your dependent, you are required to submit proof of eligibility within 31 days of the change in status/qualifying event.

Student status required documents:

- An "Affidavit of Student Status" form, accessed at das.ohio.gov/forms in the "Eligibility" section; and
- A "Current Enrollment Verification Certificate" from the National Student Clearinghouse, studentclearinghouse.org, or a letter or official transcript from the school registrar must be submitted with the Affidavit of Student Status.

Unmarried children who are incapable of self-support due to a qualifying developmental disability, severe mental illness or physical handicap, whose disability began before age 23 and who are primarily dependent upon you are eligible for medical coverage. This coverage is not automatic. You must complete the applicable form for your third-party administrator of the Ohio Med PPO. A form for each third-party administrator can be obtained from your agency's human resources representative.

Periodically, but not more than once a year, proof of continued incapacity and dependence must be provided upon request.

View detailed eligibility and documentation requirements at: das.ohio.gov/eligibilityrequirements.

SPECIFIC BENEFIT INFORMATION

For plan specifics and deductible information, see the Delta Dental Plan for Exempt Employees chart below.

You can receive services from any licensed dentist, but typically will pay less when you go to an in-network dentist.

Out-of-pocket costs are likely to be lower if you go to a dentist who participates in one of the Delta Dental networks. For most covered services, Delta Dental will pay a higher percentage if you go to a dentist in its preferred provider organization (PPO) network over its Premier network. Delta pays the least for out-of-network dentists.

To find a participating Delta Dental dentist near you, visit or call:

ENROLLMENT

Enrollment is automatic for eligible employees who have completed one year of continuous state service.

* Employees of the Auditor of State, Ohio Attorney General, Secretary of State and Treasurer of State subject to a collective bargaining agreement should refer to their applicable agreement.

Workers' Compensation

Workers' compensation is a "no-fault" system that compensates employees for work-related injuries or illnesses.

COST

State agency contributions are determined by the Ohio Bureau of Workers' Compensation (BWC) per \$100 of payroll for benefits offered by the BWC.

ELIGIBILITY

All state employees are eligible for benefits offered by the BWC.

SPECIFIC BENEFIT INFORMATION

When an Injury Occurs

Obtain medical care promptly. If emergency treatment is required, go immediately to the nearest emergency facility. Otherwise, the Managed Care Organization* can provide you with names of providers in your area.

Complete an Accident or Illness Report (Form ADM 4303). Your agency will forward the completed Form ADM 4303 to the Managed Care Organization, who will file the initial claim information with the BWC.

Your health care provider will forward all medical information regarding your claim to the Managed Care Organization who will contact you to gather additional information regarding your treatment, recovery and claim.

BWC will send you a letter assigning you a claim number. Retain and reference this number when contacting your agency, BWC, Managed Care Organization and your health care provider regarding your claim.

BWC will make an initial decision to approve or deny your claim and will notify you in writing.

Medical-only Claims

You may be eligible for a medical-only claim if you are unable to work for seven calendar days or less. If approved, the Managed Care Organization will pay authorized treatments directly related to your claim.

Lost Time Claims

If your attending physician determines that your injury or illness will prevent you from working for eight or more calendar days, you may be eligible to receive lost time benefits through the BWC. You and your attending physician will need to file a Request for Temporary Total Compensation (Form C-84). Your

physician also will need to complete the Physicians Report of Work Ability Form (Form MEDCO-14). These forms are available on BWC's website at bwc.ohio.gov.

If approved, BWC will begin paying temporary total benefits accordingly:

- On the eighth day, if you are off work from eight to 14 days; or
- From the first day, if you are off work for 14 or more consecutive days;

BWC will pay you directly by electronic deposit to your bank account.

You cannot receive payment from the BWC for the same period you receive payment from your agency for Sick Leave, Disability, Salary Continuation or Occupational Injury Leave benefits. If this occurs, you will be responsible for reimbursing your agency for the benefits you received.

Temporary Total Compensation

If your claim is approved for lost time, you may receive temporary total compensation at 72 percent of your full weekly wages for up to 12 weeks.

If your injury or illness prevents you from working for more than 12 weeks, your temporary total compensation will be reduced to 66 2/3 percent of your average weekly wage.

* Check with your agency human resources representative to obtain the name and contact number of the Managed Care Organization assigned to your agency.

In addition, a health plan may send you information based on your own health information to inform you of possible treatment options or alternatives that may be available to you. Your Legal Rights

Federal privacy regulations provide you the following rights associated with your medical information:

Right to Request Restrictions. You have the right to request a restriction or limitation on the medical information the Plan uses or discloses about you for treatment, payment or health care operations. You also have the right to request a limit on the medical information we disclose about you to someone who is involved in your care or the payment for your care, like a family member or friend. (For example, you could ask that the Plan not disclose or use information about a certain medical treatment you received.)

The Plan is not required to agree to your request. To request restrictions on the use or disclosure of your PHI, you must make your request in writing to the Plan's HIPAA Privacy Contact listed on Page 41. In your request, you must explain: (1) what PHI you want to limit; (2) whether you want to limit the Plan's use, disclosure, or both; and, (3) to whom you want the limits to apply (for example, your spouse).

Right to Request Confidential Communications. You have the right to request that we communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at a specific phone number or address. To request confidential communications, you must make your request in writing to the Plan's HIPAA Privacy Contact listed on Page 41. The Plan will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted. After the Plan receives your request, the information may be forwarded to your health plan. As a result, additional reasonable information may be required from you by your plan to process the request.

Right to Inspect and Copy Your Information. You have the right, in most cases, to inspect and copy medical information that may be used to make decisions about your care. To inspect and copy medical information that may be used to make decisions about you, you must submit your request in writing to the Plan's HIPAA Privacy Contact listed on this page. If you request a copy of the information, the Plan may charge a fee for the costs of copying, mailing, or other unusual supplies associated with your request. Under Ohio and federal law, the Plan may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to medical information, you may request that the denial be reviewed.

Right to Request an Amendment. If you feel that medical information about you is incorrect or incomplete, you may ask the Plan to amend the information. You have the right to request an amendment for as long as the information is kept. To request an amendment, your request must be made in writing and submitted to the Plan's HIPAA Privacy Contact listed on this page. You must provide reasons that support your request. If the Plan denies your request for any reason under state or federal law, the Plan will permit you to submit a written statement of disagreement to be kept with your PHI. The Plan may reasonably limit the length of such statement of disagreement.

Right to an Accounting of Disclosures. You have the right to request an "accounting of disclosures." This is a list of certain disclosures the Plan has made of medical information about you. This accounting will not include many routine disclosures including, but not limited to, those made to you or pursuant to your authorization, those made for treatment, payment and operations purposes as discussed above, those made for national security and intelligence purposes, and those made to law enforcement in compliance with law.

To request this list or accounting of disclosures, you must submit your request in writing to the Plan's HIPAA Privacy Contact. Your request must state the time period that may not be longer than six (6) years prior to the date on which the accounting is requested. Your request should indicate in what form you want the list (paper or electronic). The first list you request within a 12-month period will be free. For additional lists, the Plan may charge you for the costs of providing the list. The Plan will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

NOTICE OF INITIAL COBRA RIGHTS

You are receiving this notice because you are covered under a group health plan (the "Plan") sponsored by your employer. It is intended to inform you, in a summary fashion, of your potential future options and obligations under the continuation coverage provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"). Under COBRA, your employer is required to offer covered employees and covered family members the opportunity for a temporary extension of health coverage, called **continuation coverage**, at group rates when coverage under the Plan would otherwise end due to certain "Qualifying events." It is important that all covered individuals read this notice carefully and be familiar with its contents. This notice does not fully describe continuation coverage or other rights under the Plan. More complete information is available from your employer and in the Plan's Summary of Benefits and Coverage, Summary Plan Description and Plan Document.

Your employer is not required to offer COBRA (and this notice does not apply to you) if all employers maintaining the Plan normally employed fewer than 20 full-time employees on a typical business day during the preceding calendar year. If you are not eligible for COBRA, you may be eligible for state continuation coverage. Contact the Plan for more information.

You may have other options available to you when you lose group health coverage. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Qualifying Events

If you are the covered employee, you may have the right to elect COBRA if you lose your group health coverage because of a termination of your employment (for reasons other than gross misconduct on your part) or a reduction in your hours of employment. **If you are the covered spouse of an employee**, you may have the right to elect continuation coverage for yourself if you lose group health coverage because of any of the following reasons: the death of your spouse; termination of your spouse's employment (for reasons other than gross misconduct) or reduction in your spouse's hours of employment; divorce from your spouse; or your spouse becomes entitled to Medicare. If

you are the covered dependent child of an employee, you may have the right to elect COBRA for yourself if you lose group health coverage because of any of the following reasons: the death of the employee; termination of the employee's employment (for reasons other than gross misconduct) or reduction in the employee's hours of employment; parents' divorce; the employee becomes entitled to Medicare; or you cease to be a dependent child under the terms of the health plan.

If the Plan provides retiree health coverage, filing a proceeding for reorganization under the Bankruptcy Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

If you are a reservist called to active duty and your employer does not voluntarily maintain coverage for the continuation coverage period, the employee, spouse and covered dependents may be eligible to continue coverage under the Uniformed Services Employment and Reemployment Rights Act (USERRA). Contact your employer for more information.

Under the law, the employee, spouse, or other family member has the responsibility to notify the employer of a divorce, legal separation, or a child losing dependent status under the group health plan. This notification must be made within 60 days from whichever date is later: the date of the event or the date on which health plan coverage would be lost under the terms of the insurance contract because of the event. Your employer has the responsibility to notify ITEDIUM, Inc. of the employee's death, termination, reduction in hours of employment or Medicare entitlement. **If this notification is not completed according to the above procedures within the required notification period, then rights to continuation coverage will be forfeited.**

Once ITEDIUM, Inc. learns a qualifying event has occurred, it will then notify all qualified beneficiaries of their right to elect continuation coverage. Each qualified beneficiary has independent COBRA election rights and will have 60 days to elect continuation coverage. The 60 day election period is measured from the later of the date health plan coverage is lost due to the event or from the date of COBRA notification, unless the Plan provides an extension of the election period beyond that required by law. **If a qualified beneficiary does not elect continuation coverage within this election period, then rights to continue health insurance will end.**

Length of Continuation Coverage

You have the right to continuation coverage for up to 18 months from the date of the qualifying event if the event causing the loss of coverage is a termination of employment (other than for reasons of gross misconduct) or a reduction in work hours.

The 18 months of continuation coverage can be extended for an additional 11 months of coverage, to a maximum of 29 months, for all qualified beneficiaries if: the qualified beneficiary is deemed disabled (as determined by Title II or XVI of the Social Security Act), at any time during the first 60 days of COBRA continuation coverage; and the qualified beneficiary notifies ITEDIUM, Inc. within 60 days after the determination of disability is made by the Social Security Administration, and within the initial 18-month period of coverage. It is the qualified beneficiary's responsibility to obtain this disability determination from the Social

Security Administration and provide a copy of the determination to ITEDIUM, Inc. within 60 days after the date of determination and before the original 18 months expire. It is also the qualified beneficiary's responsibility to notify ITEDIUM, Inc. within 30 days if a final determination has been made that they are no longer disabled.

If you are the covered spouse or dependent child(ren) of an employee, an extension of the 18-month continuation period can occur if, during the 18 months of continuation coverage, a second event takes place (divorce, death, Medicare entitlement, or a dependent child ceasing to be a dependent). If a second event occurs, then the original 18 months of continuation coverage can be extended to 36 months from the date of the original qualifying event date for the qualified beneficiary spouse and/or dependent children. If a second event occurs, it is the qualified beneficiary's responsibility to notify ITEDIUM, Inc. in writing within 60 days of the second event and within the original 18 month continuation period. In no event, however, will continuation coverage last beyond three years from the date of the event that originally made the qualified beneficiary eligible for continuation coverage.

If you are the covered spouse or dependent child(ren) of an employee, you have the right to continuation coverage for up to 36 months from the date of the qualifying event if the original event causing the loss of coverage was the death of the employee, divorce, Medicare entitlement, or a dependent child ceasing to be a dependent child under the Plan.

Qualified beneficiaries do not have to show they are insurable to elect continuation coverage; however, they must have been actually covered by the Plan for at least one day prior to the qualifying event to be eligible for COBRA. Although a qualified beneficiary participating in COBRA has the same rights as an active participant to add dependents to the Plan, those additional dependents may not be qualified beneficiaries. An exception to this rule is if, while on continuation coverage, a baby is born to or adopted by an employee/former employee. Procedures and deadlines for adding these individuals can be found in your summary plan description and must be followed. Your employer reserves the right to verify COBRA eligibility status and terminate continuation coverage retroactively if you are determined to be ineligible or if there has been a material misrepresentation of the facts.

COST OF CONTINUATION COVERAGE

A qualified beneficiary will have to pay the entire applicable premium plus an administration charge for continuation coverage as allowed by law, currently 2% of the total premium. These premiums will be adjusted in the future if the applicable premium amount changes. In addition, if continuation coverage is extended from 18 months to 29 months due to a Social Security disability, your employer can charge up to 150% of the applicable premium during the extended coverage period. Premiums are due every month for continuation coverage. In addition there will be a maximum grace period of 30 days for the regularly scheduled monthly premiums.

Termination of Continuation Coverage

Continuation of coverage will end prior to the maximum period if:

- Your employer ceases to provide any group health plan to any of its employees;
- Any required premium for continuation coverage is not paid in a timely manner;
- A qualified beneficiary becomes covered under another group health plan that does not contain any exclusion or limitation with respect to any preexisting condition of such beneficiary other than such an exclusion or limitation which does not apply to or is

satisfied by such beneficiary by reason of the Health Insurance Portability and Accountability Act of 1996.

- A qualified beneficiary becomes entitled to Medicare after the qualifying event except when the qualifying event is loss of retiree coverage due to the employer's bankruptcy;
- A qualified beneficiary extended continuation coverage to 29 months due to a Social Security disability and a final determination has been made that the qualified beneficiary is no longer disabled;
- A qualified beneficiary notifies iTEDIUM, Inc. that they wish to cancel COBRA continuation coverage.
- A qualified beneficiary participates in activity which would otherwise allow the Plan to terminate an active employee's coverage (e.g. submission of a fraudulent claim).

It is important that you notify State of Ohio and iTEDIUM, Inc. of any address change or change in marital status as soon as possible. Failure on your part to do so will result in delayed COBRA notifications or a loss of continuation coverage options. You must also notify iTEDIUM, Inc. within 30 days of other group health coverage, Medicare entitlement or the termination of your Social Security disability status. COBRA continuation coverage which is provided improperly due to your failure to provide notice does not bind the Plan to provide further coverage.

SPECIAL ENROLLMENT RIGHTS PURSUANT TO THE HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

Federal law requires that group health plans allow certain employees and dependents special enrollment rights when they previously declined coverage and when they have new dependents. This law, the Health Insurance Portability and Accountability Act (HIPAA) also addresses the circumstances under which treatment for medical condition may be excluded from health plan coverage. The information in this notice is intended to inform you, in a summary fashion, of your rights and obligations under these laws. You, your spouse and any dependents should all take the time to read the entire notice carefully.

Special Enrollments: If you decline enrollment for yourself or your dependents (including your spouse) because of having other health insurance or group health plan coverage at the time of your eligibility to participate, you may enroll yourself or your dependents at a future point, provided that you request enrollment within 31 days after your other coverage ends. In addition, if you have a new dependent as a result of a marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your dependents, provided that you request enrollment within 31 days of such an event.

Obtaining Additional Information: If you need assistance in determining your rights under ERISA or HIPAA, you may contact your Plan Administrator or the U.S. Department of Labor by writing to the Chicago Regional office at 200 W. Adams Street, Suite 1600, Chicago, IL 60606, or by calling the Department at 312-353-0900.

WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998

The Women's Health and Cancer Rights Act of 1998 (WHCRA) is a federal law that provides protections to patients who choose to have breast reconstruction in connection with a mastectomy. The terms of WHCRA provide:

A group health plan, and a health insurance issuer providing health insurance coverage in connection with a group health plan, that provides medical and surgical benefits with respect to a mastectomy shall provide, in a case of a participant or beneficiary who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with such mastectomy, coverage for:

1. All stages of reconstruction of the breast on which the mastectomy was performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. Prostheses; and,
4. Treatment of physical complications of all stages of mastectomy, including lymphedema.

For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and as are consistent with those established for other benefits under the plan or coverage.

If you have any questions or would like more information about the State of Ohio's WHCRA benefits, contact Employee Benefits Customer Service at 614-466-8857 (option 2) or 800-409-1205 (option 2).

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT

Under the provisions of The Newborns' and Mothers' Health Protection Act, group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a Caesarean section. However, federal law generally does not prohibit the mother's or newborn's

attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

PATIENT PROTECTION DISCLOSURE

The Ohio Med PPO generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, please see the contact numbers below for Aetna, Anthem, and Medical Mutual of Ohio.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from Aetna, Anthem, Medical Mutual of Ohio, or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. Important Notice from the State of Ohio About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the State of Ohio and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- The State of Ohio has determined that the prescription drug coverage offered by OptumRx is, on average for all Plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered

Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When can you join a Medicare drug plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from Oct. 15 to Dec. 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What happens to your current coverage if you decide to join a Medicare drug plan?

If you decide to join a Medicare drug plan, your current State of Ohio coverage will not be affected. The State of Ohio has determined that the prescription drug coverage offered by OptumRx is, on average for all Plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

Go to: das.ohio.gov/prescriptiondrug for more details on your prescription benefits.

If you decide to join a Medicare Drug Plan and drop your current state medical coverage, be aware that you and your dependents will not be able to get this coverage back unless you experience a qualifying event or sign up during Open Enrollment.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the State of Ohio and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1 percent of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19 percent higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

Ohio Department of Administrative Services
Benefits Administration Services

NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through the State of Ohio changes. You also may request a copy of this notice at any time.

For more information about your options under Medicare prescription drug coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy

of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit: medicare.gov.
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help.
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the Web at: socialsecurity.gov or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

NOTICE REGARDING WELLNESS PROGRAM

Take Charge! Live Well! is a voluntary wellness program available to all employees enrolled in the State of Ohio medical plan. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You also will be asked to complete a biometric screening, which will include a blood test for total cholesterol, high density lipoprotein (HDL), low density lipoprotein (LDL), triglycerides, and blood glucose. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will receive an incentive of up to \$50 for completion of the HRA and \$100 for completion of a biometric screening. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive the incentive.

Additional incentives of up to \$200 may be available for employees who participate in certain health-related activities such as health coaching and online participation in health and wellness lessons and/or challenges. If you are unable to participate in any of the health-related activities required to earn an incentive, you may be entitled to a reasonable accommodation. You may request a reasonable accommodation by contacting Beth Kim, State of Ohio Wellness program manager, at 614-728-5478.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as health coaching and QuitNet. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and the State of Ohio may use aggregate information it collects to design a program based on identified health risks in the workplace, *Take Charge! Live Well!* will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is the health coaching staff at Sharecare, in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

PREMIUM ASSISTANCE UNDER MEDICAID AND THE CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your

dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2018. Contact your State for more information on eligibility --

Glossary

When reviewing information about your health care coverage options, it is helpful to understand some of the basic terms and concepts.

Benefit Year/Plan Year: The 12-month period from July 1 through June 30 during which services are rendered and your deductible and coinsurance are accumulated.

Biometric Screening: A private screening with a health professional that provides a snapshot of your health. The screening includes cholesterol (total), HDL, LDL, blood glucose, blood pressure, height, weight and waist circumference.

Change in Status/Qualifying Event: A change in your life that allows you to enroll or make an adjustment to your existing coverage. Examples include marriage, divorce, birth or adoption of a child, or a change in job status for you or a dependent.

Coinsurance: The percentage of eligible expenses that the health care plan pays after the annual deductible is met. For example, an 80 percent coinsurance rate means you pay 20 percent and the plan pays 80 percent.

Copay: A specified dollar amount you pay to a health care provider or pharmacy for eligible expenses such as office visits and prescriptions. Copays do not count toward your annual deductible.

Covered Person: The employee, the employee's spouse and/or dependent children who are eligible and enrolled under your health care plan.

Covered Services: Those services and supplies provided for the purpose of preventing, diagnosing or treating a medical condition, behavioral disorder, psychological injury or substance use addiction for which the plan will provide benefits.

Deductible: The amount you pay for eligible expenses each plan year before the plan begins to pay anything. This does not apply to preventive services covered at 100 percent.

Dependent(s): A spouse and/or an eligible child or children.

Eligible Expense: The maximum amount on which payment is based for covered health care services. You may be required to pay a percentage of Eligible Expenses in the form of Coinsurance.

Employee Share or Contribution: The portion of the total premium that you pay through pre-tax payroll deductions for your coverage.

Exempt Employee: An appointment to a position not represented by a labor union. Employees are usually exempt from union representation because they are supervisors, in positions of a confidential or fiduciary nature or not in permanent appointments.

Evidence of Insurability (EOI): An application process in which information on the condition of one's health or a dependent's health is provided in order to be considered for certain types of insurance coverage.

Flexible Spending Accounts (FSA): A type of savings account that provides the account holder with specific tax

advantages. The account allows employees to contribute a portion of their pre-tax earnings to pay for qualified expenses, such as for medical or dependent care. The two types of FSAs are health care spending accounts and dependent care spending accounts.

Out-of-Pocket Maximum: The cap or maximum amount you pay for eligible out-of-pocket health care expenses during the plan year. After your out-of-pocket expenses reach the maximum, the plan pays 100 percent of any additional eligible expenses for the remainder of the plan year. There is a separate out-of-pocket maximum for prescription drugs.

Patient Protection and Affordable Care Act (also known as the Affordable Care Act or PPACA or simply ACA): The health reform legislation passed by Congress and signed into law in March 2010 by the president of the United States.

Preferred Provider Organization (PPO): A PPO is a medical plan that offers benefits at both network and non-network levels. When you enroll in the Ohio Med PPO, you may visit any doctor and receive benefits. However, the benefit is greater when you use network providers, but less when you use providers who are not part of the network.

Service Hours: Service hours include any hour for which an employee receives or is entitled to payment for performing their job duties for the State of Ohio. These hours also include each hour for which an employee is paid or entitled to payment due to vacation, holiday, illness, incapacity (including disability), layoff, jury duty, military duty or leave of absence, but does not include hours that relate to Workers' Compensation or unemployment compensation, volunteer hours or a federal work-study program.

State Share or Contribution: The portion of the total premium the State of Ohio pays to provide its employees with coverage.

Summary of Benefits and Coverage (SBC): A requirement of the Patient Protection and Affordable Care Act, the SBC is a concise four-page document that details simple and consistent information about health plan benefits and coverage. It will help you understand the basics of your coverage and allow you to compare any different coverage options you may have. It summarizes the key features of the plan, such as covered benefits, cost-sharing provisions, and limitations and exceptions. All insurance companies and group health plans must use the same standard SBC form. The SBC also contains a link to the required Uniform Glossary, which provides definitions of many commonly used health coverage and medical terms. For full details, visit das.ohio.gov/benefits.

Third-Party Administrator (TPA): An organization or company that processes claims and other aspects of employee benefits plans on behalf of an employer. For example, Aetna, Anthem and Medical Mutual are the third-party administrators of the Ohio Med PPO.

Total Premium: The combination of the employee contribution and the state contribution.

Union-Represented Employee: Also known as a Bargaining Unit Employee, is represented by a labor union and covered by the terms of a collective bargaining agreement.

Well-Being 5 Survey: A confidential questionnaire that assesses your physical, emotional, financial and social health and how your lifestyle habits affect your overall well-being.

Subject: Ryan Smith may be elected Ohio House speaker on Tuesday

Capitol Letter

Laura Hancock and Jeremy Pelzer

Rotunda Rumblings

Speaker Smith? After days of deadlock, Ryan Smith appears set to have the 50 House Republican votes needed to become interim speaker of the House, according to the Columbus Dispatch's Jim Siegel. To reach 50, Smith needs at least three of the 18 anti-Smith Republicans to support him; it's unclear which members would change their minds. The House has added a Tuesday morning session to hold the vote; in addition to an already-scheduled Wednesday session, the House may also convene Thursday before leaving for summer break.

Minority opinion: Democratic Rep. David Leland says that the speaker

vote would be invalid if held on Tuesday, arguing that House Rule 1 doesn't allow anyone but the speaker to call a new session day. Leland told Siegel he thinks Tuesday's vote, if it takes place, will be challenged either by Democrats or an anti-Smith Republican.

The story behind the invitation: The pro-Larry Householder blog Third Rail Politics last week posted a fundraising invite from Rep. Tom Brinkman listing special guest Rep. Ryan Smith as "Speaker of the Ohio House," even though Smith is still working to get enough House GOP votes to win the job. While that seems like either a presumptuous move or a power play on Smith's part, Brinkman gave a more mundane explanation to Capitol Letter. The Cincinnati Republican said the invite was only a draft drawn up by his wife, and it was never made public until someone leaked it to 3rd Rail. Brinkman said he set up the May 30 fundraiser months ago, and he listed Smith as speaker in the draft because he presumed Smith would be elected speaker by the day of the event. Smith "had nothing to do" with the invite, Brinkman said.

Guns on premises: Tenants can't be barred from possessing firearms in Section 8 and other subsidized housing, according to a bill backed by the Ohio Real Estate Investors Association. Senate Bill 234 allows landlords to impose "reasonable restrictions" on how tenants care for and store guns and ammunition. Landlords would have immunity from lawsuits over shootings and could sue their tenants if they don't follow the gun provisions in their rental agreements, the bill states. The Ohio Real Estate Investors Association represents some companies involved in Section 8 housing and believes the bill strikes the right balance between Second Amendment rights and the responsibility of being a housing provider, said its government affairs director Dan Acton, in testimony submitted Wednesday to lawmakers.

Don't give a scam: Two bipartisan bills introduced Tuesday seek to crack down on wire fraud. House Bill 647, the Wire Fraud Information Act, would require financial institutions to warn customers who are wiring money about the signs and possibilities of financial scams and fraud. House Bill 648, the Wire Transfers Temporary Hold Act, would allow banks and wire-transferring companies to hold a transaction for up to 15 days if an employee suspects it's part of an attempt to exploit a "vulnerable adult" --

defined as adults who are older than 60 or have a disability. Co-sponsor Reps. Richard Brown and Gary Scherer (a Democrat and a Republican, respectively) stated in a letter to their fellow lawmakers that the proposals "would act as last lines of defense" against scammers.

Labor pains: An anticipated U.S. Supreme Court ruling could decrease the number of state and local government workers who are members of labor unions by 6.8 percent in Ohio, according to a recent report from the University of Illinois at Urbana-Champaign. The high court is expected to soon decide Janus v. AFSCME, Council 31, which focuses on the constitutionality of "agency fees" paid by government workers who benefit from a union's collective bargaining agreement, even though they choose to not be members of the union. The court is expected to rule that unions cannot charge the fees. In Ohio, 258,000 government employees are represented by unions, and the research anticipates unions will lose 40,000 members if the court rules against AFSCME.

Betting on new revenue: State Sen. Joe Schiavoni announced Friday he plans to introduce a bill to legalize and regulate sports betting at casinos and racinos to create new revenue for Ohio. Last week, the U.S. Supreme Court cleared the way for states to permit sports gambling. Schiavoni, a Democrat, said he wants a plan with bipartisan support – necessary to pass the GOP-controlled General Assembly. Republicans have had varied reactions to the Supreme Court decision – with Gov. John Kasich's administration saying expanding gambling isn't a priority and Attorney General Mike DeWine, the GOP gubernatorial hopeful, urging legislators to get in front of the issue before special interests push a ballot issue.

Pay up: Secretary of State Jon Husted's office is seeking Controlling Board approval on Monday to pay more than \$898,000 in attorneys' fees for three court cases involving voting rights and campaign contributions. Of that, \$350,000 would go to pay legal fees to settle a 2015 lawsuit claiming Ohio's voting laws and services weren't accessible enough for blind people. Another \$412,000 and \$135,000 would help pay attorneys' fees in cases overturning voter restrictions and a ban on campaign donations to certain candidates from Medicaid providers, respectively.

Connie's next move? Ex-Democratic gubernatorial hopeful Connie Pillich

is "seriously considering" a run for Hamilton County Democratic Party chair, according to WVXU's Howard Wilkinson. Other names being mentioned as possible successor for retiring party chair Tim Burke: retired municipal court judge Cheryl Grant, ex-state Sen. Eric Kearney, and ex-U.S. Rep. Steve Driehaus.

Fire advisory: Don't be alarmed if you hear rifle shots near the Statehouse around 11:30 a.m. Monday. That's when the Ohio Natural Resources Rifle Squad will fire a three-round volley as part of the governor's wreath-laying ceremony to honor fallen Ohio service members.

Stories We're Talking About

Marijuana program challenge denied: "Unsuccessful medical marijuana cultivator applicants challenging the state's process for awarding the lucrative grow licenses hit a major setback in court on Thursday," writes cleveland.com's Jackie Borchardt. "Franklin County Common Pleas Judge Kim Brown denied five companies' request for a preliminary injunction to scrap the medical marijuana grow license scores and start over from the beginning."

In another marijuana case: The state's medical marijuana program scored another win when a Franklin County judge on Friday denied a grower's request that part of the program be put on hold. However, as cleveland.com's Laura Hancock reports, the judge did order state officials to give Ohio ReLeaf LLC an administrative hearing. Borchardt has an overview of the effect of both rulings.

Mixed reviews: Last week's Senate rewrite of green-energy legislation, which includes a relaxation of the state's wind turbine setback rules, is being applauded by the wind industry, which says the changes would lead them to invest billions in the state. But as The Plain Dealer's John Funk finds, "clean energy groups are not so sure they can support the Senate's redraft because, while it does not eliminate the state's renewable and efficiency mandates, it does water them down significantly."

Cordray hits DeWine on opioids: "In what is likely to be one of the premier issues in the November gubernatorial election, Democratic

nominee for governor Richard Cordray on Friday attacked Republican nominee Mike DeWine as responsible for people dying from opioid and heroin overdoses," reports cleveland.com's Seth Richardson. "Cordray said DeWine's sluggish response as the state's top law enforcement official has led to people dying." DeWine called the accusation absurd.

Come together: "The entire Ohio Republican congressional delegation is holding a fundraiser for state Sen. Troy Balderson on Monday — including U.S. Rep. Jim Jordan, who stumped for Balderson's primary opponent" Melanie Leneghan, writes the Dispatch's Jessica Wehrman.

No refund: Balderson is keeping \$20,000 in donations to his state Senate campaign fund from Bill Lager, the founder of the now-shuttered Electronic Classroom of Tomorrow charter school, according to the Dispatch's Darrel Rowland. A Balderson spokesman noted that the Zanesville Republican's congressional campaign hasn't taken any contributions from Lager, but the campaign didn't answer follow-up questions about his Senate contributions.

Good news/bad news: New state jobs numbers show Ohio lost 1,000 jobs in April, even though the state's unemployment rate dropped 0.1 percent from March. As The Plain Dealer's Olivera Perkins explains, the discrepancy is "because the unemployment rate and the increase or decrease in jobs are based on different measures."

Mr. Durable: In the latest episode of cleveland.com's political podcast "Ohio Matters," veteran GOP consultant Mark Weaver says that while DeWine and Cordray are not the most charismatic candidates, DeWine is hardworking and cares for Ohio. "'There is probably no more durable brand in Ohio politics than Mike DeWine,'" he said, adding that Cordray is "smart as a whip" but "has not found his political voice yet."

Slow release: The Ohio Supreme Court has "kicked down the road" a proposal to allow secret grand jury transcripts to be released in limited cases — including fatal police shootings resulting in no indictments, according to the Dispatch's Randy Ludlow. The court missed a May 1 deadline to act on the idea, recommended by a judicial task force in 2016 but opposed by prosecutors and police organizations.

Full Disclosure

Five things we learned from U.S. Rep. Steve Chabot's May 11, 2017, financial disclosure statement. A new financial disclosure statement was due Tuesday, but the Cincinnati Republican requested a 30-day extension. Chabot, who represents Ohio's first congressional district, faces Democrat Aftab Pureval, the Hamilton County clerk of courts, in November.

1. He reported owning Facebook, Netflix and Finish Line shares of stock, for a fair market value of \$15,001 to \$50,000 in each company. He has TripAdvisor and Under Armour stock, each worth \$1 to \$15,000.
2. He has a deferred compensation plan with the Ohio Public Employees Retirement System worth \$150,003 to \$300,000. He has an OPERS pension worth \$50,001 to \$100,000.
3. Chabot has a PNC Bank account with \$100,001 to \$250,000 and a U.S. Bank Account with \$15,001 to \$100,000.
4. Together all his assets – including the OPERS funds, stocks, bank accounts and other investments – are valued at \$559,027 to \$1.5 million.
5. The conservative Heritage Foundation paid for his lodging and food on a trip from Washington to Middleburg, Virginia. The trip's cost was not disclosed.

On The Move

Annie Ellison has been hired as campaign manager for 12th Congressional District Democratic nominee Danny O'Connell. Ellison most recently served as communications director for Gretchen Whitmer's campaign for Michigan governor and press secretary for U.S. Rep. Ami Bera of California. Ellison takes over for Chris Binder, who is now working as a fundraiser for the Franklin County Democratic Party.
